LATE 2023

Digital Image File Requirements

When submitting files to us, please ensure that they are:

300 DPI

ADOBE RGB (1998) colour space

8-bit flattened TIFs or JPEGs

Files need to be sized as you would like them printed. For example, if you require a 8" x 10" print, your file needs to be sized at 8" x 10" (including any borders). If you are framing your images and would like us to leave the print on the roll with our bleed and cut marks left around the image, please specify this when placing your order. Unless otherwise stated, you need to add cost of prints plus cost of adjusting.
